

Information about RMO result.

HBCSE will upload the results (prior to rechecking) after November 2, 2017. The student can check his/her marks obtained by giving the PRMO roll number and date of birth or some other information personal to student as pass word (to be announced at the time of uploading the result by HBCSE). Procedure will be explained along with the announcement of result. Students not satisfied with the marks allotted may apply for re-evaluation. Last date of re-evaluation will also be mentioned there at the time of declaration. You can also check this site after the declaration for further information about last date for applying for re-checking. Performa for rechecking application is also uploaded here.

However all re-evaluation requests along with the DD for Rs. 500/- should be sent DIRECTLY to the Regional Co-ordinator. We inform categorically that no re-evaluation request will be entertained at HBCSE and if any DD is received it will be returned by them to sender. Any other complaint concerning the evaluation should also be sent only to the RC at the official email id of the RC.
