

Action taken report (2020-21)

Teachers feedback On analysing the student's feedback forms, it has been found that all the teachers have been graded as Excellent or Very good. They have been satisfied with the study material and interactions with their teachers. They have appreciated the online teaching methods as well as the lectures delivered to them in the difficult times of COVID-19. Every teacher of the Department of mathematics has always strived hard to explain the abstract concepts with emphasis on solving problems and numericals.
